

Business Administration Management

Program Information

The Associate of Applied Science Degree in Business Administration Management option at Trenholm State Community College provides the knowledge and skills necessary to prepare graduates for a career in business administration that will ultimately create career pathways enabling students to transfer to baccalaureate degree programs. Furthermore, it will provide concentrations in general business, management, and entrepreneurship.

The Business Administration program will also translate for seamless articulations to the Bachelor of Science in Business Administration programs at partnering universities. Graduates and program completers will be academically prepared to advance their vocations, but also prepare for matriculation to higher education. This program will provide students with a robust program that provides academic rigor. The program will provide not only associate degrees but also short certificates. This option will provide multiple career pathways that will be tailored to meet the needs of the student. The management option prepares students to hold supervisory and management positions.

Occupational Choices

The management option will prepare students for supervisory and management career options in a variety of business organizations. Management career options include opportunities in the business areas of agriculture, food service, lodging, property and real estate, administrative services, compensation and benefits, construction, Human Resources, industrial production, sales, and training and development. Other business areas may fall under the management opportunities as well.
