To ensure optimal success in the nursing program internet access is required. The college or program does not provide laptops for students.

After a student is accepted into the nursing program, a medical exam is required (students must maintain individual medical insurance coverage), inclusive of a health history and physical exam. Other requirements include: (a) current BLS Provider CPR from the American Heart Association (no exceptions), (b) titers to assess antibodies for immunity status of reportable diseases, (c) TBST-two step, (d) proof of liability insurance, (e) a drug and alcohol screening Montgomery County Court Referral Program, <https://montgomery-county-court-referral-program.business.site/> and (f) a criminal background check thru Verified Credentials. <https://professional.verifiedcredentials.com/Auth/Index?ReturnUrl=%2F>

HIV or HEPATITIS B REPORTING POLICY

Public law #102-141, Section 633, and “The Alabama Infected Health Care Worker Management Act” require HIV or Hepatitis B infected healthcare workers to notify the State Health Officer within 30 days of the time the diagnosis is confirmed. Physicians caring for HIV or Hepatitis B infected healthcare workers are mandated to notify state health officials within 7 days of the diagnosis. All students are required to comply with this law.
