Friday FACTOID

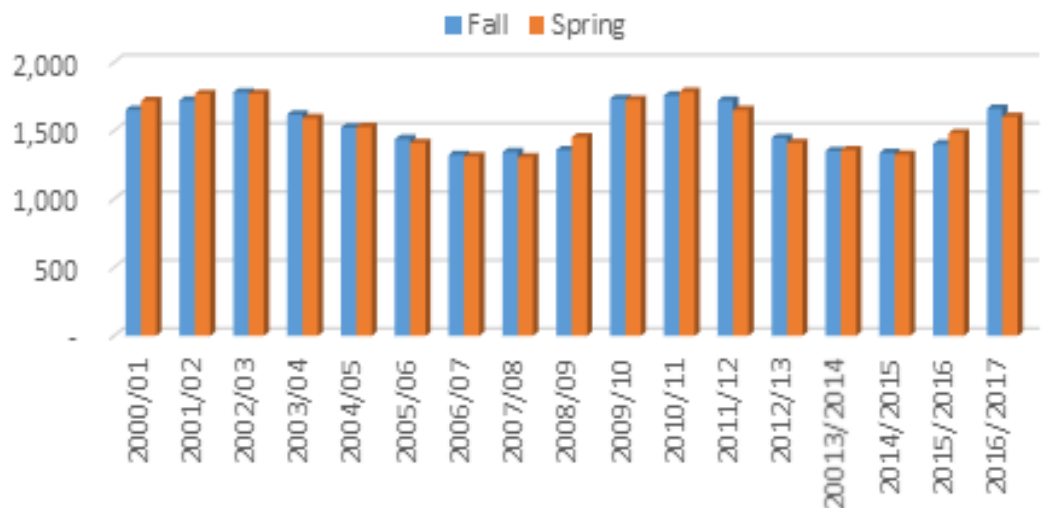

Spring 2017 Enrollment*

INSTITUTIONAL RESEARCHERS:

Bridging the Gap Between Data and Decisions

There are 753 full-time and 852 part-time students for a total of 1,605 enrolled for the spring 2017 semester. This number includes 262 high school students attending Trenholm State in the dual enrolled program. We also have 149 students classified as first time freshmen in spring 2017. Spring 2017 enrollment is 3% lower than fall 2017 because some students graduate or leave for other reasons. *Data Not Final

Trenholm State Community College
Total Unduplicated Headcount
