From the President

The Trenholm State Community College 2021 Fact Book provides demographic data on enrollment trends, faculty/staff characteristics, and fiscal resources. The data serves as a roadmap for decisions regarding the future growth of our programs as well as growth in student population. The data is critical to delivery of services to business and industry and the local community.

Trenholm State offers more than 34 programs of study that prepare students for high-wage, high-demand careers in the River Region and for the pursuit of continued education at four-year colleges and universities. To meet the needs of business and industry, Trenholm State has non-credit offerings that include truck driving, certified nursing assisting, medication assistant, and line worker training. Our small class sizes and engaging faculty and staff create an academic environment that fosters success here at Trenholm and beyond graduation.

I hope this publication will be useful to not only our employees but also to all those interested in a world-class education in central Alabama. We invite you to visit our Trenholm Campus or our Patterson Site to witness the uniqueness of our programs and the dedication of our faculty and staff. If you have questions or concerns regarding the 2021 Fact Book, contact Dr. Mimi Johnson in the Office of Institutional Effectiveness at (334) 420-4243.

Sincerely,
Kemba Chambers, Ed.D.
