Information contained within the Fact Book enables us to make data-driven decisions about enrollment and program management. In addition, the data presented in the annual *Fact Book* is critical to making decisions about the delivery of services to the local community, including to businesses and industries.

Trenholm State offers more than 28 for-credit programs of study that prepare students for high-wage, high-demand careers in the River Region and the pursuit of continued education at four-year colleges and universities. To meet the needs of business and industry, Trenholm State also offers short, non-credit programs that include truck driving, certified nursing assistant, medication assistant, pharmacy technician, medical billing and coding, phlebotomy technician, line worker training, and heavy equipment operator. Our affordable tuition, small class sizes, and engaging faculty and staff create an environment that enables students to be successful in their academic and career pursuits.

I hope this publication will be helpful not only to our faculty and staff but also to all those interested in how Trenholm State provides top-notch educational services in the River Region.
